

CARNEGIE MELLON UNIVERSITY

ROBOTICS CAPSTONE PROJECT

System Design and Development Document

Friction Force Explorers:

Don Zheng

Neil Jassal

Yichu Jin

Rachel Holladay

supervised by
Dr. Cameron RIVIERE

Version 1.0
February 9, 2017

Contents

1	Build Progress	2
1.1	Electromechanical Updates	2
1.2	Software Update	2
2	Project Management	2

List of Figures

1 Build Progress

1.1 Electromechanical Updates

RH: Insert CAD drawings and talk about design changes.

RH: Mention ordered parts for first robot.

1.2 Software Update

RH: describe software arch plan and how thats going

RH: Explain changes in distributor (more greedy) and that communication choice neil made

2 Project Management

2.1 Work Breakdown Schedule

RH: Mostly the pictures with explanations. Then have all the dictionaries. Take picture of each dictionary and insert it in (i think this is the easiest)

2.2 Schedule

RH: Show pictures from google calendar, find more graphical way to display it
